Magic Animal Rescue 2: Maggie And The Wish Fish

Synopsis

Maggie's adventures in the Enchanted Forest continue in the second book of a new chapter book series by E. D. Baker! With each day, Maggie is finding it harder and harder to get along with her step-mother and step-siblings while her father is away. It doesn't help that every time Maggie finishes cleaning laundry, flying pigs swoop in to muddy everything up and get her into trouble! One day while she's out collecting berries and her step-brother is fishing, Maggie happens to catch a magical fish herself! The fish promises to make one of her wishes come true, but only if she frees him. Maggie wants a new family more than anything, but how much faith can she put into a talking fish? This new, black-and-white illustrated series is perfect for fans of Princess Ponies, Magic Horses, and Critter Club.

Maggie lives with her mean stepmother and step-siblings. She lives in a forest full of magic animals. So she is not surprised when a fish begins to talk to her. The fish asks her to let it go, and promises to give her one wish in exchange. Maggie can't imagine eating a talking fish, and she releases it back into the lake. She is disappointed when the fish disappears without waiting to hear her wish. She whispers her wish anyway to be part of a nicer family and is sure the wish won't come true. When her stepmother hears that Maggie let the fish go, she declares that Maggie is no longer welcome in their house. She locks her out just as a big storm is approaching. The Magic Animal Rescue series is a charming new chapter book series that will capture the young reader's heart. Maggie is a darling little main character, who has a pure heart and a desire to help others. Young readers will enjoy reading about Maggie's adventures, and will cheer when she overcomes the cruel desires of her step-family. Maggie leans on her friends at the magic animal stable a talking horse named Leonard, and Bob, the kindly stableman with a journal full of facts about magic animals for guidance about the magic animals and other creatures around the forest. I received an advance reader copy of this book so that I could provide my unbiased review. My family truly enjoyed Maggie and the Wish Fish and are looking forward to future books in the Magic Animal Rescue series too!
