Lab Audio Program Deutsch: Na Klar!Very helpful withclear pronunciation .

Laboratory Audio Program t/a Deutsch: Na klar! An Introductory German CourseWould recommend to anyone!It is a plus when you have the work book and the text work (Na Klar! 5th Edition). It gives you everything in German and you can use it to do the homeworks as well as the lessons. The CDs covers everything in both books. The point of the audio material work is to train your mouth and ears. A must if you want to train your ears and work on your pronunciation outside the classroom setting.

Just what I was looking for.
