Terrorism And Counterterrorism

Synopsis

Focusing on the phenomenon of terrorism in the age of ISIS/ISIL, *Terrorism and Counterterrorism* investigates this form of political violence in an international and American context and in light of new and historical trends. In this comprehensive and highly readable text, renowned expert Brigitte Nacos clearly defines terrorism's diverse causes, actors, and strategies; outlines anti- and counter-terrorist responses; and highlights terrorism's relationship with the public and media. *Terrorism and Counterterrorism* introduces students to the field's main debates and helps them critically assess our understanding of, and our strategies for, addressing this complex and enduring issue.

• New to the 5th Edition

- Covers important terrorist developments since 2012 including the death of Osama bin Laden, the rise of ISIS, the proliferation of home-grown jihadism including the Boston Marathon bombing, and the revelations of Edward Snowden and the NSA.
- Refines the treatment of important issues including "justifiable" or "legitimate" terror, waves of terror, and state sponsored terror, among others.
- Amplifies the coverage of media and terrorism including e-terrorism, the role of social media in recruitment, "propaganda by deed," and other cutting edge topics.

Customer Reviews

PRAISE FOR THE FIFTH EDITION Few textbooks on terrorism and counter-terrorism make it into a fifth edition, and few of them are able to appeal to students as well as counter-terrorism professionals. The new, fully revised edition of Brigitte Nacos' classic manages to do both, providing

the reader with state-of-the-art insights and latest trends, with ample attention going to the role of the Internet. — Alex P. Schmid, Leiden University College and the International Centre for Counter-Terrorism (ICCT); Editor-in-Chief of Perspectives on Terrorism Brigitte Nacos — Terrorism and Counterterrorism is the benchmark reference for anyone touched by terrorism, which is everyone! This superbly organized, concise, timely, and well-written text on terrorism and counterterrorism should be a required read for all students, policy makers, journalists, and anyone in the first responder, law enforcement, military, and intelligence community. It is a must-read for every American citizen. — William Eppright, III, Columbia College; FBI Special Agent and Terrorism Investigator The 5th edition of Brigitte Nacos's Terrorism and Counterterrorism is current and eminently readable. The new edition by this renowned and respected scholar provides an in-depth yet broad overview that includes the latest context of global terrorism (i.e., ISIS) and makes a significant contribution to the field. Students find the text engaging, well-organized, and meticulously researched. I have used the Nacos text for years, and I can promise it will not disappoint.

— Ronald W. Vardy, University of Houston

Brigitte L. Nacos teaches political science at Columbia University and was a long-time U.S. correspondent for newspapers in Germany.

This book was required reading for a Master's Degree in Cyber Security. The work 'required' usually means that I am not going to like it, but no so for this book. It was easy to read, full of well resourced material, and frankly, enjoyable. It is one that I will keep for future reference.

Overly generalized, reads more like a high school or freshman level textbook than something I expected to come across in an upper level class.
