Romania History: Early History, Society, Economy, Government. Culture, Tourism

Synopsis

History of Romania book includes Romania Population, Romania Ethnic Structure, Romania Social Conditions, Romania Economy, Romania Government, Romania culture, Romania travel. Man first appeared in the lands that now constitute Romania during the Pleistocene Epoch, a period of advancing and receding glacial ice that began about 600,000 years ago. Once the glaciers had withdrawn completely, a humid climate prevailed in the area and thick forests covered the terrain. During the Neolithic Age, beginning about 5500 B.C., Indo-European people lived in the region. The Indo-Europeans gave way to Thracian tribes, who in later centuries inhabited the lands extending from the Carpathian Mountains southward to the Adriatic and Aegean Seas. Today's Romanians are in part descended from the Getae, a Thracian tribe that lived north of the Danube River
