Customer Reviews

I enjoyed reading this sweet mail order bride story. A quick read on a lazy afternoon, I hope you enjoy reading it as much as I enjoyed reading.

The book was so short that the characters and story line were very undeveloped. What was there would have been the beginning of a good story.

The story was good but lacked depth in what was happening. The characters seemed real enough but the situations were confusing.

I loved the e-book. It had a twist in it that wasn't the norm for a lot of Mail Order Wives. It was a quick read and enjoyable

The idea was fun, but it was not very well written. Choppy sentences, shady grammar, and the author TOLD you everything that was happening instead of SHOWING you, which is the basic guideline of writing fiction. If you're looking for a quick, quaint read, sure. I, personally, would not recommend this book.

a very good book I liked it

Love these books. Entertaining with enjoyable suspense. Some of the extended detailed information about the rooms etc is unnecessary. Please keep up the books.

Nice story of overcoming tragedy with positive wholesome attitude.
