Fast Connection (Cyberlove Book 2)

Synopsis

****2016 RITA Finalist****Named a Best Romance of the Year by The Washington Post****After a decade of serving in the Army, everyone still expects me to be Dominic 'Nicky' Costigan--the skirt-chasing player. They don't know I've been spending my days trying to figure out my post-military life. Including how to pick up guys. When I meet Luke on a hookup app, he makes it clear it's for one-night only. That's fine with me, because I'm down to see what this silver fox can do. But after I arrive at his doorstep, it doesn't take long to realize we have serious chemistry, and we end up meeting again. He's got more walls around his heart than a military base, but I think he's as addicted to me as I am to him. He can't resist me for long. I mean, who can? Except Luke's rules exist for a reason, and when I test his limits, things get complicated. Maybe too complicated. ***FAST CONNECTION** is a standalone, full-length romance novel with no cliffhanger*

Customer Reviews

5 stars! "He's completely complicated. And lost. And frustrating. But we do

something for each other. . . . We fit. We need each other. **I LOVED THIS BOOK!!!!**

This was my first full five star rated book of 2017, this was the perfect book at the perfect time! Dominic Costigan served his country in the army for many years, and it was there he realized that his skirt chasing days may also include pant chasing. Basically, he's bisexual. Upon returning home he gets a gay dating app and finds himself in a hook up with silver fox Luke. Luke is a divorced father of two teens, also bisexual, and has zero interest in a relationship. But there's something between the two of them that Luke recognizes and doesn't want to. Can Luke look past his reservations and open up to Dominic? **I couldn't get enough of him. He was an addiction now, and I hadn't decided yet if he was a healthy one like eating apples every day or an unhealthy one like meth.**

I loved this book, I loved it. I am going to keep saying that. I LOVED IT! There. It's all out. Maybe. If you read the first book, the Dominic Costigan we met wasn't his best self, I was wary of his character to be honest. But I love when authors take a character who doesn't appear to be great in one book, and we see a whole new side of them in their own book. Dominic is one of my favorite book heroes now, I loved reading about his journey to find himself and what he wanted to do with his life. His insecurities came from a real place, not having a supportive figure in his life. Luke was his perfect counter point despite being kind of a dick in the beginning. The two of them got each other, one kind of goofy and the other stoic. Dominic breaks through Luke's hard exterior, and Luke recognizes that "Nick" needs affection. Perk for all of you pervy pervs out there like me, this book was seriously HAWT. Very, vert hot. But it was equal with plot which is so hard to do and I appreciated that. And it had the perfect level of angst, the delicious kind where rainbows come out of my mouth while I am reading it. (Yes, I am weird). Anyways, if you are in the mood for an awesome MM story between a hot Captain America type and a silver fox, this is the book for you!

"I want you. To be mine. Only mine."

How I love this story... Second time around with this one and I loved it just as much as the first time around. This one is my favorite out of the three. The guys had the best connection for me and it just felt more real for me. I think it was because of the strong sense of family the book has. Dominic was so damn endearing. He needed to be wanted. He needed to be taken serious. He needed to feel a connection to someone that could understand him. He needed someone to love him. He needed, Luke. Luke was pretty closed off guy who was hiding a soft heart. He needed someone to break down his walls. He needed someone to make him smile. He needed someone to make him laugh and relax. He needed someone to make him trust again. He needed, Dominic. These two together was like puzzle pieces fitting into place. They just fit. The passion and attraction was strong and it

came through on the pages. They were exactly what the other needed. I loved both of them together and apart. My favorite couple of the series yet. The family side for Dominic broke my heart. His father really was a piece of work. I really didn't like him and although he started redeeming himself near the end I still had no love for the guy. I didn't like how he continuously dismissed Dominic's career in the Army or his dreams of being an EMT. The screaming and banging around he did when he talked to both his kids was annoying. He annoyed me. The mother annoyed me more by doing absolutely nothing. Pathetic. These two authors fit their writing styles together so well that I can't tell who wrote what. They are brilliant apart and brilliant together. I look forward to more from them.

I didn't love Strong Signal, so admittedly I was a little nervous to start the next in the series. I was so happy when everything I missed from the first book was present in spades in the second. I liked and connected with the characters immediately, even Luke's grumping was endearing. The writing was smooth, read quickly, and blended the authors' styles seamlessly. It's a little lighter, but didn't lack any depth in story or character development. The romance was sexy, and with Luke and Dominic exuding chemistry, it took the book to the next level. But even better, it was FUNNY. The banter between the main characters was amazing, and their internal thoughts regularly had me laughing out loud. Even when they weren't sniping at each other, the dialogue brought the characters to life. I could barely put the kindle down and read with a smile on my face the bulk of the time. The ending was perfect, everything came together but they earned their HEA. I love both these authors independently and am so happy this book really showcased their talents to the fullest.
