## Customer Reviews

I love my lighthouse coloring book. The only thing I wish is they could have the name of the lighthouse and location. This will help to keep the lighthouse original look and give it justice. Otherwise, it is a grey scale book of the different lighthouses in the United States. I recommend this book to everyone.

The lighthouses in this book are beautiful but if you're not a fan of grayscale coloring you might be disappointed in this one. It's difficult to see the lines in some drawings so coloring the pictures is a challenge.

I have purchased several adult coloring books and this one was the most disappointing. From the

quality of the paper to the quality of the picture it was a waste of money.

I like the book. It wasn't what I expected though. The pictures were more like drawings and sketches.

Wonderful!

If lighthouses are your thing this is the coloring book for you.

The printing is hard to see. Had to use a magnifying glass to see some details.

Pictures are faded, not distinct. Not a good product.
