When God Was A Woman

Synopsis

Here, archaeologically documented, is the story of the religion of the Goddess. Under her, women's roles were far more prominent than in patriarchal Judeo-Christian cultures. Stone describes this ancient system and, with its disintegration, the decline in women's status. Index; maps and illustrations.

All women need to read this. God ain't your daddy. she's our Mother.

If you are in the mood to find out what was going on the world of religion before the great patriarchal movements (Christianity, et al) wiped everything off the map, READ THIS. Women were in charge. This is a riveting book that explains what happens when you have white Christian male archeologists doing the research- they will call anything that isn't Christian, "pagan," and of course, if a woman came up with language or law, then it couldn't possibly be as good as what came after

Christianity. Think again. I love religious history, because it restores my faith. In reality, that is.

GREAT perspective on modern religion and a lot of good info on the Goddess. And why she was revered, until men and God took over....Glad I read this

Hello , you need to fix the editorial review for this book. This is the author...Merlin Stone (September 27, 1931 – February 23, 2011) was an American author, sculptor, and professor of art and art history. She is best known for her book *When God Was a Woman*. Merlin Stone is a female. Excellent book BTW.

Outstanding good book. Good condition as described.
