Customer Reviews

This is a short story that is set before the second full length book Twice Upon A Time takes place. It showed us a little bit more about what happened after Kat accepted Edward's proposal. As in the previous book, this story had many funny moments and such a cute romance between Kat, once considered one of the ugly stepsisters of Cinderella, and Edward, the prince of the kingdom. I can't wait to read the next part of Kat's adventure in the fairy tale world.

Ever wondered what happened between the first and second books, well here it is. Its not always

happily ever after and roses and this novella shows that.

I had a hard time getting started with this book but once I got into I could not put it down!!

I don't think this was necessary, but I have enjoyed this series! Easy, light & fun reading!

I loved the first book and this was a good interim to book 2. I love Edward and Kat's relationship growing more and more in each book. I enjoyed this book even though it was only fifteen chapters its an excellent middle book.

Happy
