## Synopsis

Enjoy this fast-paced love story by best-selling author, Taylor Hart. Jace Harding, celebrated running back for the Denver Storm, gets a shock when his former neighbor, the beautiful and kind, Addison Livingston, passes out in his arms. After rushing her to the hospital and discovering she's recently widowed and eight months pregnant, he never expected the doctor would tell her she needs mandatory bed rest and he really never expected he would be offering to move in and help. There's no way Addison is going to agree to that ridiculous plan! What would the neighbors think, especially the nosy cat woman, Mrs. Hensley? Not to mention the fact they don't even know each other! However, she's alone and would do anything for this little one growing inside her. When he offers to throw an obscene amount of money at the nonprofit organization she's involved with well, what else can she do but accept? As their tentative friendship develops into something more, they are left with a choice: let past insecurities get in the way or make one last play for the End Zone. "This is romance that sizzles and will have you wishing for true love!" Cami Checketts

## Customer Reviews

Addison lives across the street from professional football player, Jace Harding. She and her husband have him and his wife over for dinner once, and that's about all of the interaction they have. When tragedies strike each of them, they end up being in the right place at the right time to help one another. I liked how Addison knew all of Jace's stats and basically stalked him online, but wasn't starstruck in person. She told Jace things that he needed to hear, and helped him become a better man. And what a good man he became! I loved his generosity and how he put Addison first, even starting his own rumors in the media to protect her. This wasn't a traditional boy meets girl romance, but I loved it, especially that Jace and Addison didn't act on their feelings until the timing was right. Sweet, hopeful, clean, feel-good story. Hope to see more about Jace and Addison in the future--maybe building home in Park City or Jackson they live in during the football off season? Even better, maybe all the last-play characters together in a Junto-type group? Or . . . ?

I love the Last Play series and was thrilled to see another book out. This book was so tender and heartfelt. I can't express what a complete stud Jace was--good-looking, fun, but most of all so kind and good. Highly recommended!

Oh I loved it. Sad, happy, love, heartbreak, sacrifice, faith, drama, romance. This one had it all. Ms Hart has an incredible talent with making you fall in love with a story.

I loved Jace and Addison! This story was awesome! All of the characters were great and I loved that it was such a sweet romance. It was fast paced and I couldn't put it down.

This is an adorable, precious romance. A Quick, fun read, with lovable characters and storyline. Thanks, again, Taylor Hart for another five star read!

I love this series! Another great story from one of my favorite authors :) Jace is super sweet, exactly the kind of guy every girl hopes to meet! I love how the romantic leads are not superficial and have actual depth. Getting to see these two heal and fall in love was so much fun!

Such a sweet story. And I didn't have to cringe from bumping into dirty talk!
