## Customer Reviews

This book is great for anyone on the weight watchers program. It's informative and motivational. It provides the guidance you get at the meetings in the privacy of your own home. I would recommend it to anyone.

Another case of if I saw this in a book store I wouldn't have bought it. Each page is a one liner, many of the ideas are duplicated (I would say at least 20% of the tips all say: Exercising is a good idea). I expected more practical tips and instead a lot of "tips" were just inspirational thoughts like: "if you think you can do, then you can do it". Not to say that there weren't one or two ideas that were useful, but certainly not 101 of them. I was able to read the whole book in under 15 mins.

This book was sent as a free gift when I ordered a cookbook through the mail. I'm glad it was free because I nearly threw it out! I later sold it at a garage sale. Each page is a one line quote from

various Weight Watchers leaders, members, etc. It's a nice idea, but not a very helpful tool. Very out of character for Weight Watchers, as their cookbooks are all wonderful!
