Customer Reviews

Great for beginners who are being taught by a teacher.

This is a classic book. Even as a professional, these exercises are challenging and help me work on specific areas of my playing. They are also suitable for intermediate level students. I haven't been through the whole book, because I'm enjoying working on the first few pages. Back to basics.

My husband loved this book I bought for him and even after playing for over 50 years he said it was very useful.

Just as described!

Good studies.

Perfect to warm up!

Extremely helpful. I use it for both Mellophone and Horn. Cannot be more satisfied with the

thoroughness of the exercises. The included hints are make this book even better. Would recommend to any intermediate or advanced Horn player

for a host , very fast, receive it next day. Very well crafted bread product that is friendly on the wrists and hands. Would recommend to others and purchase again. Great buy at this price. Received as described. awesome and very well.
