Product Dimensions: 9.2 x 1.7 x 6.2 inches

Shipping Weight: 2.2 pounds

Average Customer Review: 4.7 out of 5 stars 13 customer reviews

Best Sellers Rank: #695,510 in Books (See Top 100 in Books) #142 in [Books > Reference > Dictionaries & Thesauruses > Slang & Idioms](#) #843 in [Books > Textbooks > Reference > Dictionaries](#) #1236 in [Books > Reference > Dictionaries & Thesauruses > Dictionaries](#)

Customer Reviews

'A definite need at CAE and IELTS level. A useful tool for improving writing.' - Nina Vivanco, Basil Paterson College, Edinburgh

As a librarian, I have looked for a good dictionary of English collocations for years. Unfortunately, there are few titles available on OCLC and the Internet. Moreover they are either prohibitively expensive or not very helpful. Unlike all other dictionaries of this kind, however, Oxford Collocations Dictionary for Students of English is truly outstanding for its completeness of coverage, page layout, information on usage, and surprisingly low cost. I wish to say that in addition to its other great features, this dictionary does a great job of helping its readers improve writing. I believe my investment in this dictionary is an extremely rewarding one. My sincere thanks to Editor Diana Lea for this much-needed dictionary.

ok.

Excellent

I love it

Good and helpful.

I am a foreign student and this book has helped me through my college years and on everyday life!! This is one the best money spending item that ever bought!

I think this dictionary is useful for one to whom English is as a second language. It contains wealthy information on how to combine words well.

First of all, I only had a vague idea what the book was about. Once, I got the book, my opinion of it was not so fantastic as other reviewers had put it. It does do what it says by showing example sentences of how to use the words with other words, mostly by adding adverbs or adjectives in front of the subject word. The 'dictionary' has very few definitions. Only when multiple meanings exist, it defines it, making it real cumbersome if you do not know the definition. But, that occurs only seldomly, because, there are only 9000 words in the book. So most of the words are familiar words. (Elementary level dictionary contains at least 50,000 words.) I would presume this book would be ideal for foreign students who have learned english vocabularies, but, do not know how to use them due to lack of experience in usage. Or, it would be a possible companion for someone who is writing at a beginner's level.
