Customer Reviews

Loved this book, his sense of humor kept me laughing throughout . A real honest review of living in the keys . A must have before taking the big leap!

Excellent layout, informative topics and information discussed, funny, and a quick easy read.Both my wife and I loved it and it has helped shape our ideas of actually living in the Keys.

Candid reality as the author experiences life in the Keys. A must read for those not in the retired life style.

Having visited the Keys and Key West numerous times, I still am drawn here. I love to visit, but don't know if I could live here. Capt Fritter lays out the good, the bad, and the ugly, that might not be evident to a vacationer. I believe his real-life experience of getting to the Keys is a great guide to anyone contemplating the move. If you are thinking the Keys, you should read this! Five Stars!

Forget the official tourism angles. This is the best real perspective you're going to find. Very entertaining! If you've been there, you'll find lots of references of things you know. If you haven't been yet, this will give you a nice heads-up. Enjoy!
