#### **Customer Reviews**

Only useful if you have a background in electronics and basic PLC's.

Good book, quick shipping

Good value and I hope to use it a lot.

Good product and good quality.

I been with PLC for over 20 years and I truly can recommend this book for those that all ready work a littler with SLC 500 or wants a refresher book

Not a lot of info but for the price what can you expect.

Great
