Alan Gratz is the acclaimed author of several books for young readers, including *Refugee*; *Projekt 1065*, a Kirkus Reviews Best Book of 2016; *Prisoner B-3087*, a Junior Library Guild selection that was named to YALSA's 2014 Best Fiction for Young Adults list; *Code of Honor*, a YALSA 2016 Quick Pick; and *The Brooklyn Nine*, which was among Booklist's Top Ten Historical Books. Alan lives in North Carolina with his wife and daughter. Look for him online at [alangratz.com](http://alangratz.com).

Based on real stories, real characters in history and of today, Alan Gratz alternates telling the tragic tales of three times in history when refugees were in frantic need of escaping their homes. There is JOSEF, a Jewish boy living in 1930s Nazi Germany. Hitler has given the ultimatum to Jews that they must leave Germany or be taken to concentration camps. They have fourteen days. He and his family board a ship named the *St. Louis*, bound for Cuba. And there is ISABEL, a Cuban girl in 1994. In the midst of riots and her father heading for arrest, Castro has said that those who leave will not be arrested. She and her family set out on a cobbled together boat, hoping to find safety in America. Finally, there is MAHMOUD, a Syrian boy in 2015. With his homeland torn apart by violence and destruction, he and his family begin a long trek toward Europe. All of us have heard parts of these stories, but when written from the viewpoints of early adolescents, sadness almost overwhelms me. How can others find the cruelty to treat children this way? How can it be that children must endure such terrible experiences in their young lives? Alan respects the children's feelings in his storytelling, but shows how they learn to take charge, how they learn they "must" take charge to help. They give up their childhood to help save their families. There is hope in every part; even in the darkest passages, small kindnesses appear. Learning of children's lives in all parts of our world is something that will help readers gain sympathy for those who need help. Alan Gratz wrote a long afterword about his research for each time period, and ways we can help today.

Great stories that bring to life real struggles, making one realize how lucky we are to be born into safety.

From the perspective of reading difficulty, "Refugee" is an easy-to-read book. However from a human perspective, Alan Gatz' latest novel is a difficult, heart-breaking volume. Focusing on three children, each separated from the preceding individual by decades and from different parts of the world, this book depicts the horror of war and its effects on the lives of innocent children. Josef, a German Jew, experiences the brutality of Hitler's madness when his father is imprisoned and then released, a broken man. Seeking to escape Germany and find refuge in another country, Josef's family begins their journey on the St. Louis, a ship bound for Cuba. Fifty-six years later, Isabel and her family begin their own desperate sea journey to escape the brutality of Castro's regime; her father has also been imprisoned and released. Only 21-years later, Mahmoud and his family seek sanctuary in Germany as they flee the Syrian war and Assad's dictatorship. Formatted using chapters that move from Josef to Isabel to Mahmoud and then repeating the sequence, "Refugee" emphasizes the similarities and the effects of war and dictators on the lives of children. Despite their different cultures and countries, each child's story connects to the others. Alan Gatz gives each child and each family member distinct personalities and roles in "Refugee". Each character represents some aspect of the effect of war and oppression on individuals; each one brings a different dimension to the story. Further, the interconnection between individuals and their actions throughout the span of the book's narrative provides some surprising revelations. "Refugee" is an important book for young readers - and for their parents. While the book speaks of horrific events and actions, it never becomes graphic or inappropriate. The emotional impact of "Refugee" is immense. Targeted at ages 9 to 12 years old, the book may be read by children a bit younger as long as a parent is comfortable with having the child read about the events being depicted.

Every once and while a book comes along and you just know that this is one everyone should read. The author has created a compelling look at refugees throughout history and done it in a way that young readers will find compelling. Not an easy feat! As an adult reader, I was thoroughly blown away by the similarities between the three stories the author features. Given the current political climate, this book resonated with me in a totally unexpected way. Each young person's story is delivered in a way that is guaranteed to keep readers on the edge of their seats as each child faces death not only for themselves but also their family members. Their experiences are disturbing and the author's storytelling so vivid that it really shows the horror of war and the power of political oppression through the eyes of a child. The author deftly weaves the stories together, periodically switching between the three in a way that seems totally natural. The narrative flows well and the

suspense runs high. The publisher marks this book for the 9-12 age group. It is written in the appropriate style for this group, however I would be cautious about giving this to students at the younger end of this range simply due to the subject matter. The violence is real and peril is vivid. This is an excellent read that every young person should experience. It is sure to prompt discussion and is an enthusiastic recommend.
