# Honor Thyself

## Synopsis

Carole Barber has come to Paris, with its rain-slicked slate roofs and winding streets, to work on her novel - and to find herself after a lifetime in the spotlight. A legend of film and stage, Carole has set a standard of beauty and grace, devoting herself to her family and causes around the world. But on this cool November evening, as her taxi speeds into a tunnel just past the Louvre, a fiery instant of terror shatters hundreds of lives - and leaves Carole alone, unconscious and unidentified in a Paris emergency room. At the Ritz, they wonder where their famous, incognito guest has gone. From California to London, Carole's friends and family begin to make inquiries. Then comes a moment of shock as they realize that Carole is far from home and fighting for her life. In the days that follow, the paparazzi swarm. A mysterious stranger, a man famous in his own realm, quietly visits the hospital to see the woman he once loved and never forgot. Carole's two grown children rush to her bedside, waiting and praying - until the miraculous begins to happen. But as a woman whom the whole world knows slowly awakens, she knows nothing of herself. Every detail must be pieced back together - from a childhood in rural Mississippi to the early days of her career, from the unintentional hurt inflicted on her daughter to a fifteen-year-old secret love affair that went tragically wrong. But for Carole, an extraordinary opportunity has arisen in a life-threatening crisis: a second chance to count her blessings, heal wounded hearts, recapture lost love and to live a life that will truly honor others - beginning with herself. A tale of survival and dignity, of small miracles and big surprises, Honor Thyself creates an unforgettable portrait of a public figure whose hopes, fears, and heartbreaks are as real as our own. Her courageous journey inspires us all.

## Book Information

Audio CD

Publisher: Brilliance Audio; Unabridged edition (February 26, 2008)

She is an amazing author. I have to make myself put them down. I always want to read just one more page or one more chapter before I put it down to let my eyes rest or go to bed. I don't think there is anything she has ever written that I haven't felt that way about. When I first started reading her books she couldn't write them fast enough. I read them as fast as she wrote them.

I enjoyed this book but it wasn't my favourite

I share with my sister and sister-in-laws

I always look forward to new books by Danielle Steel. This was no disappointment. Her talent for introducing new twists and turns in her books, keeps me reading long past bedtime!

I have been reading Danielle Steele forever. Even though her novels are rather formulaic I still enjoy what, for the most part, is an entertaining read, perfect for summer vacations. The only negative aspect of this one is the medical aspect, specifically the rapid recovery from a traumatic brain injury without need for significant therapy.

Book kept me on edge wondering if the beautiful actress Carole would get her memory back after a terrible threat on her life in a tunnel in France. Carole overcomes many obstacles to bring her life back to normal & finds a valuable lesson as the title says "honor Thyself"

I thought the story was well written, however it was rather flat regarding the passion that Danielle Steele normally exhibits in her stories.
