Man Up! Becoming A Godly Man In An Ungodly World

Synopsis

MAN UP! Becoming a Godly Man in an Ungodly world was written by pastor, author and speaker Jody Burkeen. His god given vision to challenge men to stop being spiritual sissies, MAN UP and except Gods challenge to be "the light of the world" inspired him to put this vision in a book to share with others. Jody's self-described "Damascus Road Transformation" led him on a journey to search the scripture to find what he had been missing his whole life, Jesus Christ. In this journey, the Word of God took over in a way he never expected. Searching for men in the church to help in him in his walk, he found very little help and in the process found men that needed the same kind of help. "Church had become a religion, not a relationship" says Jody in his book. The relationship he is talking about is the relationship with Jesus Christ and it seemed as if men in the church had become complacent and not living up to the challenge to live a separated life.

A great Christian kick in the butt for any Christian man. In todays culture, this helps show how to man up in todays culture in all aspects of life, wether it be church, at home, as a husband, as a

father. A must read for any Christian man. The end of each chapter has questions that can be used for personal study or as a small group.

Pretty solid book. We read it in my small group at church (which this books translates really well for a men's bible study/small group if you are looking for one). I think if you are going to read this book, it is best to do it in a group setting like that and only a chapter or two each week because there is so much to reflect and consider when reading it. It will definitely point out areas in your life that you're being a "sissy"!

I gifted this book to my husband, gave it to him one morning before I went to work and I came home that evening to him thanking me. He can not put it down and is not a "reader". This is a must read for any man!! This book is one that really grabs the readers attention by relating to them spiritually.

This is the first Christian book I ever read. Good for inspiration, thought provoking, and educational on how God wants us to man up! Easy to hold and read.

It will help you to take a leadership roll in you're family.

Jody really takes a "gut" check to the men of this world, not just Christian men, but men on the fence in everyday life and situations at home & work. Stop being a spiritual sissy has me really thinking now :-). Jody is breaking new ground and calling it like he sees it. We are thinking about having him speak at our Mens conference, and this book certainly reinforces the YES to ask him to come to [...] conference next winter. He hits the nail on the head to men which is something I think we all need.

Took our men's group Thru this summer and all of us enjoyed it. Great principles with hard hitting words. Highly recommend.

Great message for any man looking for direction in this crazy world we all live in.
