Understanding And Using English Grammar, 4th Edition (Book & Audio CD)

Synopsis

A classic developmental skills text for intermediate to advanced students of English, *Understanding and Using English Grammar* is a comprehensive reference grammar as well as a stimulating and teachable classroom text. While keeping the same basic approach and material as in earlier editions, the Fourth Edition more fully develops communicative and interactive language-learning activities. Some of the new features are: Innovative warm-up exercises that precede the grammar charts and introduce points to be taught Structure-based listening exercises ranging from casual speech to academic content Academic readings that highlight the targeted grammar structures Greatly expanded speaking practice with extensive pair, group and class work Corpus-informed syllabus that reflects the discourse patterns of spoken and written English Audio CDs and listening script in the back of the Student Book

There is no access code in this book, so I have to pay another \$45 to purchase online access. So disappointed.

I teach ESL/ELT at a private Midwestern university, and our grammar curriculum is built around the Azar books. Since I teach mostly advanced students this is the book I'm most familiar with. The explanations and examples are good, and my students find the reference charts very helpful. My one criticism is that the practice exercises are all too much alike - a lot of fill-in-the-blank or complete-the-sentence kinds of things. I often find myself bringing in outside materials to help drive home the lessons because exercises in the book are not varied enough to give students enough practice. That said, I still enjoy this book and recommend it to anyone teaching English grammar to a non-native English speaker.

Nice!

The book was in very bad condition. After buying it I found same new books in very less price.

Purchased for someone who is studying English as a second language. Recommended by her teacher. Great book. A must.

This book was presented as in good condition but actually it isn't in good condition. It can be regarded as just acceptable. If I had enough time, I would return it. You should indicate the actual condition of the books. Finally, I have to use this book but I wanted to point this problem.

Very helpful and handy.

I received the item this morning but there is no access code on the book to log in website
