My Kumaon: Uncollected Writings

Synopsis

Hunter, naturalist, and conservationist, Jim Corbett is famous for slaying man-eating tigers and leopards in the Kumaon region of northern India. Frequently appealed to by the government of the United Provinces during the 1920s and the 1930s for help, Corbett is known to have shot nineteen tigers and fourteen leopards—all man-eaters. Corbett was encouraged to write about his hunting experiences by Roy E. Hawkins, manager of the Indian Branch of the Oxford University Press and a personal friend. An integral part of OUP India's centenary celebrations, this volume includes Jim Corbett's unpublished writings on man-eaters, nature, and his beloved Kumaon, personal letters, articles written for newspapers and gazettes by his contemporaries, and letters exchanged between Corbett and his publisher showcasing the development of his bestselling books—all from the archives of the Oxford University Press. It highlights Corbett's engagement with the times in which he lived, his complete empathy with the people of Kumaon, his great understanding of tigers and leopards, and also the gradual development of his ideas about conservation and the need to preserve the tiger and its habitat. Chronicling the history of his bestselling books (*Man-Eaters of Kumaon*, *The Man-Eating Leopard of Rudraprayag*, and *My India*) and supported by rare photographs and evocative line drawings, this volume reflects the evolution of his writing as well as his long relationship with the Press.

Customer Reviews

Jim Corbett (1875-1855), well-known hunter, naturalist, conservationist, is the author of six books, including *Man-Eaters of Kumaon* (1944), *The Man-Eating Leopard of Rudraprayag* (1947), and *My*

India (1952).

True stories of hunting man-eating tigers and leopards in India. Do not read on a dark and stormy night.

This book unfortunately is largely a tribute to his memory from other people. Only a few of his essays are in it-which are worth reading. Jim Corbett had a inimitable story telling style, that would transport you to the place and time. Corbett lovers can skip this over.

I had read most of the stuff in the book before, except parts about stuff like his sister sending him cakes when he was out hunting, etc. more information to add to that from Man Eaters of Kumaon, My India, etc.

A must for Jim Corbett fans. This volume didn't exist yet when I first read Corbett, back in 1965 or so. I now own all of his published writings.

Many surprises in this book, never before read letters that give you insights into Jim Corbett's mind as he hunted his man eaters and lived his life.

Jim Corbett's writing is always a joy to read. He takes you to the jungle and you become a part of the situation.

Great collection of ' outside observations' and opinions of Col Corbett

Jim Corbett through his writings is a phenomenon in India. He hunted down Tigers that become Maneaters.
