Mustang Daddy - A Single Daddy, Small Town Second Chance Romance

Synopsis

A.B. I thought moving back to Kingsbury Falls would be good for me until I saw him. Maddox Hale was my high school sweetheart, and the best friend I ever had. We shared all the important firsts together, but when faced with making him choose between me and the life he wanted, I made the decision for him. I left without a word, or an explanation. Now I'm back, and so is he with his daughter. Maddox A.B. Clark broke my heart and made me swear I would never return to my hometown. I left to become a champion bronc rider. Eleven years later, I moved back, with a wife and a baby on the way. Now I'm a single daddy, running the family ranch. My daughter is the only woman in my life until A.B. shows up, throwing my world into disarray. I don't know if trust can ever be earned after it's been broken, but she makes me want to believe in the possibility. With nothing to lose and everything to gain, Dr. A.B. Clark sets out to win back not just the trust, but the heart of her first and only love, single daddy Maddox Hale. With the best intentions, not to break his heart a second time, A.B. is faced with a decision that could risk losing everything she's ever wanted. Can Maddox risk not only his, but his daughter's heart being broken by the one woman that sets his world on fire? Mustang Daddy is a wild ride of small town, epic romance. Hot Daddy This novel starts with a male point of view. And is an amazing refreshing for the others stories that I recently read. When you find your true love, no matter what happens in your life, and if this love is real, you can conquer anything. This second/third chance romance between Maddox and Annabeth. A love so strong that conquers death and infertility. Maddox and Annabeth have abandoned issues, first his mom, then his high school sweetheart and then the mother of his child. And he swore that he will do anything to keep Sallie Rae safe and become a family. Together they will discover how to become a family and to trust each other again. Will Love be enough to conquer all? What other destiny will have for this two? Parks writing is getting better and better! When I read the scenes between Maddox and Annabeth ohhhhhh boy the electricity is off the charts, I feel all the emotions of the characters and feelings. Loved that to Maddox the most important is Rae. This story has me at the edge always waiting for the next shoe to drop, my heart was in my throat.

The books in this bundle were amazing they were so well written I could feel the pain these couples went through I cried and got angry and frustrated along with the characters.. can't wait for more... ..

This was a touching 2nd chance love story between two people who were so in love, that when that love was lost, it seemed all color went out of their lives but when that lost love comes back into their lives, could they recapture what they lost? Sienna Parks writes a touching and deeply heartfelt story about two people who deeply loved each other until something tore them out of each other's lives. A.B. is a girl who thought she made the right decision but she really made some massive mistakes. We all have been there in our lives so I completely understood where she was coming from. She made a decision to prevent others from hurting but instead caused the biggest hurt of all, including herself. 14 years later she comes back to town and finds out that her lost love moved on and had a child. It rocked her world in many ways. Makes her wonder if

coming back to town was really worth it. Maddox Hale has always been abandoned pretty much by every woman he ever left close, including one Dr. A.B Clarke. He couldn't believe it when he found out she was back. All he wants is to raise his 3 year old daughter in peace and he really doesn't want to be around A.B. but somehow their paths cross. Will he give her a chance or will they be two ships passing in the night? Will AB be able to tell Maddox what happened all those years ago that made her leave? This is an emotional and heartbreaking tale at times, but it also has passion and humor. I loved little Sally Rae, Maddox's daughter. I did feel at times Maddox held on to anger for a bit too long but it seemed he finally got his head on straight. This is one story that is worth reading. My Rating: 4.4 stars ***** I voluntarily reviewed an Advance Reader Copy of this book in exchange for an honest review***

What happens when your one true love walks back into your life? Well that is the question Maddox Hale is asking himself when Dr. A.B Clarke is back to Kingsbury Falls. Maddox and A.B will take you to one of the most intense and passionate ride. Maddox adorable daughter Rae will steal your heart. I've read my share of second chance romance but the way the story entwined the love of a couple with the love of an innocent and amazing child, just makes the book that much amazing. Sienna Parks has delivered one of the best stories out there. The way she combines a hot cowboy with a huge heart and his adorable daughter it will leave a permanent mark in your heart. I voluntarily reviewed an Advance Reader Copy of this book.

5+ stars Mmmmm Sienna Parks has done it again. She made a sinfully sexy BBF for us all to drool and fight over. This author is definitely one to watch out for and is on my one click list for sure. Annabeth A.B. Clark left her home of Kingsbury Falls without a word to the love of her life and childhood sweetheart, Maddox Hale, and went off to pursue a career in medicine. Now after 14 years and becoming a successful surgeon in New York, she has come back home to settle down and live a small country life without any drama. Maddox Hail Mary Hale was devastated when A.B left him without so much as a note of explanation why and so pursued his own career in bronco riding away from his small home town. But years later he finds himself back home helping run his father's ranch as well as being a single father to his young daughter Sally Rae. The last person he expects to see is A.B. looking all grown up and sexy in all the right places. I'm not going to say any more about the book as I don't want to spoil this amazing story for you. Sienna has written two brilliant lead characters in this book who are both hurting from their past

mistakes and are trying desperately to heal. Maddox is the strong silent type but has his bromance with best friend Jax who is hilarious in the right way. AB has her friend Charlotte who is no stranger at telling her bestie how it is (we all have one of them!). The story is fast paced and written exceptionally well to the point where you don't realise it's 1am and you need sleep! I cannot recommend this book or this author enough to readers who love a second chance romance with a touch of comedy, a hint of pain and some serious unpredictable moments!
