Customer Reviews

I really like this curriculum. I just started using it with my 4-year-old student and she loved it! I found the teacher's book helpful. I would have given it 5 stars, but it doesn't contain any of the actual lessons, so I will have to purchase copies of the student books for myself. If you enjoy working with preschoolers, this is a great series to use.

Lesson plans are laid out for. It shows how the books can work together.

Easy to understand lesson plans and covers everything you can think of to get started teaching right away. It well exceeded my expectations!

Great for teaching my granddaughter some beginning piano.

Everything is great

This handbook was helpful but a bit long winded and thus hard to too follow at times. I would prefer more simple lesson plans and ideas.

My grandchild loved this

Very helpful.
