Customer Reviews

A friend showed me this book & I liked it. With practice, I should be able to paint more natural looking people.

interesting way to paint people -good thing to learn!

Mostly paintings by the artist and the colors she used in the various mediums. Some general instructions with reference to her paintings a but not the how-to examples I was looking for.If you're looking for a how-to book, there are many others out there that are better.

Very helpful...!
