# The Tenth Plague (The Mummifier's Daughter)

## Synopsis

Ancient Egypt, 1229 BC As Thebes prepares for the annual Opet festival an unknown plague erupts, indicative of the Gods' rage. Bodies of those struck down by the Gods are found on the rooftop kitchens of Thebes, further feeding the citizens' fear. The careful placement of the bodies, their presentation and the sadistic nature of their death all point to preempted murder and something far more sinister. This while the High Priest of Amun attempts to manipulate events to his advantage, also challenging Ramesses' authority by calling for the burning of bodies. Forcing Neti and Shabaka to opposing ends with little time to investigate the murders that could bring about the changing of the times. The Tenth Plague returns us to a land steeped in mystery and magic. The detailed storytelling paints a picture of ancient Egypt in all its glory. Bestselling author Nathaniel Burns has woven a delightfully dark tale around what must have been the most remarkable period of Egyptian history. So stoke up the fire, draw the curtains and put your feet up in order to enjoy this delightful tale of love, intrigues and mummies in old Egypt...

## Book Information

## Customer Reviews

This may be my last Nathaniel Burns Kindle book. The book was very difficult to read because of the numerous typos, which were very distracting. Was the book edited at all? The surprise supernatural ending was also very disappointing.

Once again the author has captivated me with his exciting tales of Me to and Shabaka and all their

intrigues. I look forward to the next book.

Love this series. Wish they could fix the typos!

good series

A great read on a warm, sunny day I would read it again with any of the other books in this group

I've read all seven books and have enjoyed the characters and plots. However, the books are poorly edited. It can be difficult at times to understand what was meant to be written. It also interrupts the flow of the story.

I enjoy the ancient times and learning the rites of mummification. You can almost smell the herbs used, the chants and all the rites used when preparing a body for the afterlife.

Of course, the excellent opportunity to grow is often found in knowledge. This entire series presents just such a chance. I highly recommend this book to you.
