ISBN-13: 978-1572182226

Product Dimensions: 8.4 x 0.9 x 10.8 inches

Shipping Weight: 2.2 pounds (View shipping rates and policies)

Average Customer Review: 3.5 out of 5 stars 3 customer reviews

Best Sellers Rank: #898,282 in Books (See Top 100 in Books) #139 in [Books > Crafts, Hobbies & Home > Home Improvement & Design > How-to & Home Improvements > Contracting](#) #2699 in [Books > Engineering & Transportation > Engineering > Construction](#) #3537 in [Books > Engineering & Transportation > Engineering > Reference](#)

Customer Reviews

I found it fairly simple to use, most forms that you need to operate a construction business are here. I would have liked to see more detailed contracts for say new home construction.

Their older forms were easily changed, but this version lacks the good points of the old. The authors need to sell their products that are compatible with newer computer programs.

Construction can prove to be a costly job, and making sure the payment is just right is vital to getting paid at all. "Construction Forms for Contractors: Construction Forms in RTF, Excel, & PDF Estimating Forms with Active Cells" is a resource for contractors filled cover to cover with blank forms for contractors who want to create a more complete and comprehensive payment form for ease of use for them and their clients. Coupled with a CD filled with plenty of example forms for use in many computing formats, "Construction Forms for Contractors" is a solid resource and one that construction companies shouldn't be without.
