Babies love looking at other babies and these charming baby faces will captivate and delight toddlers and babies. They will ask to look at the book again and again. --This text refers to an alternate Board book edition.

Star Bright Books (a small publisher devoted to creating great books) editors wrote and developed My Face Book and we all loved looking at all the photos of babies to find just the right pictures! We hope you and your child enjoy the book as much as we do.

Excellent way to teach my autistic toddler emotions. If you are looking to do the same, this book is simple and perfect. Pictures inside our of real kids with real expressions. Great book

My 1 year old loves it when I make faces like the babies in the pictures. He giggles and wants me to do it again. It's a great way to teach body awareness!!

I purchased this for my grandson! I love that it has photos of children of all races. Very simple & cute. Board books are easy to handle & durable for little ones.

the pictures are fantastic...real babies! black, white, down syndrome...wonderful!

Our 10 month old granddaughter loves books with faces of babies

Lots of faces the baby loves!

Nice beginner book

My Hebrew isn't that great so maybe I'm wrong on this but I'm fairly sure the Hebrew on each page is in the male form even though some of the baby faces are clearly female. So if you read this to your child as printed you will be reading the incorrect form of the word. Also the book is small - only about 5 in by 5 in. Disappointing.
