# Understanding And Managing Organizational Behavior (6th Edition)

## Synopsis

Vivid examples, thought-provoking activities – get engaged in OB. George/Jones uses real-world examples, thought- and discussion-provoking learning activities to help readers become more engaged in what they are learning. This text also provides the most contemporary and up-to-date account of the changing issues involved in managing people in organizations. The sixth edition features new cases, material addressing the economic crisis, and expanded coverage of ethics and workplace diversity.

## Customer Reviews

I was required to purchase this book for my Management class. I haven't used it much but it arrived in good condition. Buying/renting textbooks from always seems to be cheaper than a lot of other sites and definitely cheaper than buying from a school bookstore.

The book will do the job but it is full of pen markings.

The book was in perfect condition when it arrived

This was required for school. It did the trick. I passed with an "A".

Good book. Very informative for an intro to management class.

I found this book overwhelming. There is so much stuff in it! However, I didn't need all the extra learning parts, i.e. website links, newspaper clippings, practice, etc. I really only needed the chapter text. It is very well written and had everything I needed in it for class.

Thank you as describe and faster then expected!

The closing cases are interesting but the content is somewhat outdated. They need an updated version and replace this one.
