Through African Eyes Vol. 1 : The Past, The Road To Independence

Synopsis

Africa, dark only because of our ignorance of it, comes alive through the eyes and voices of its people in this classic work. First published more than two decades ago and now thoroughly revised and updated, the book lets Africans speak for themselves through autobiography, traditional and modern literature, historical and contemporary documents, letters and diaries. Volume 1 begins with the African past, focusing on the ancient kingdoms of both East and West Africa and continues through the coming of the Europeans and the African colonial experience, concluding with the rise of nationalism in which Africans struggle to regain their freedom from the Europeans.

Customer Reviews

Leon Clark is a sensitive observer of Africa and a clear thinker about its past and its future. I recommend *Through African Eyes* to anyone who seeks to understand the continent. --Sanford J. Ungar, author of *Africa: The People and Politics of an Emerging Continent*

Leon E. Clark, General Editor of the CITE World Cultures Series, is professor of sociology at American University in Washington, where he also directs the graduate program in international education.

Eventhough book was for a class for the summer that was unable did not take, it has been interesting reading

Thank you

Great book. it offers a lot on a topic that is minimally covered.

This is perhaps the most insightful history of Africa that has been written in less than 300 pages. Moreover, it reveals a view of Africa as seen by Africans as well as by outsiders. The narrative line that runs from the glories of the West African kingdoms to the post-independence period of the 20th century is interwoven with firsthand accounts by Africans that make for compelling reading.
