BioGeometry Signatures Mandalas Coloring Book

Synopsis

The BioGeometry Signatures Mandalas Coloring Book includes a collection of 20 mandalas which combine the beneficial meditative effects of Mandala coloring and the subtle energy balancing harmonization achieved using BioGeometry Signatures designs. Mandalas, by virtue of their design, focus our minds towards the center of circle, a special point that goes beyond time and space.

BioGeometry Signatures are linear diagrams that represent specific energetic patterns found within the body's organs (similar in concept to how the Chinese energy meridians take the shape of and represent the energy flow of the human body). By introducing the BioGeometry Signatures into the Mandala designs each Mandala allows us to communicate with our internal energy structure while pulling us into a meditative stress releasing state through a detailed coloring experience.

Customer Reviews

I have read both of Dr. Karim's books on Biogeometry and learned so much. This coloring book is so relaxing, I made copies of each page so I could color the same mandala as many times as I want. Hope they made more coloring books...I have just begun using his home energy systems to balance the subtle energies in my home and water and electrical hook ups.

Beautifully created mandalas featuring Dr Karim's visionary work on BioGeometry Signatures, and unique design principles. Suitable for adults or children to colour in, or even just to meditate on; all ultimately benefiting the body's energetic system.

Wonderful!

Excellent

I bought this coloring book after being attracted to the pattern on the front of the book, and curiosity about the idea of Biogeometry. It got me started on a whole journey of investigating Biogeometry Signatures. I love the mandalas in this coloring book, and love that they also provide the benefits of Biogeometry Signatures! I bought both of Dr. Karim's books and am learning everything I can about this subject!! I have bought other adult coloring books, and these mandalas are very attractive and intricate enough to be fun and to hold my interest. Even without the consideration of the biogeometry signatures, I enjoyed coloring these mandalas very much.

Fantastic! If you understand the concept of biosignatures, you will be amazed and thankful that an adult coloring book has been created to support this information. Love it! Buy it with no regrets!

A significant and harmonizing way to improve your overall well-being! To be recommended!

very soothing and detailed!!! great way to relieve some stress
