Customer Reviews

As I prepared for my first adventure in the online Land of Fast Pass + (NOT my first adventure to

WDW), someone recommended this book to me. For a basic guide without a lot of frills, this is a good book. The author gets straight to the point and does not include an overwhelming amount of information. If you are new to the FP+ system, this is a good primer to use before you make that first click. If you are new to WDW, then I would suggest this author's other books to you as well. Based on the content of "The Complete Guide to FastPass+ and My Disney Experience," you will find his books to have all the basic information you need to plan a vacation to WDW.

Loved this book! It was an easy and fast read...and for a Disney-loving new mom, that was awesome! My husband and I have been to Disney World combined so many times we've stopped counting...including on our Honeymoon where we were apart of the Magic Band Pilot phase. Even so...I still learned lots of great info by reading this book. It also confirmed a lot of stuff I always speculated, but wasn't sure about. I'd highly recommend this book to veteran Disney go-ers as well as brand new, never been novices. It's a great read...made me excited to go back to Disney again! Buy it and enjoy!!

Very handy for getting the most out of our Disney vacation. The app (outlined well in this book) is indispensable when traveling to Disney World. It is a distilled & concentrated version of the huge guide books (which we also purchased, but ended up leaving in the hotel room). The FastPass+ system is so much easier than the old ticket system, and this book helps navigate the most popular attractions to maximize the effectiveness of your selections. That all might sound very clinical, but what it translates into is that we had a lot more fun because of the book (and the Disney app). On our last day in the parks we gave it to a young family that had just arrived so they could experience the same decrease in lines and increase in quality time together. I'll buy it again if we ever get to go back.

Roger Wilk knows his Disney. As someone who also tries to stay on top of the latest at the parks, I found it very informative. While I had legacy fastpass completely under control, I was nervous about getting the fp+ selections for the first time. This book told me what to expect and how to modify my selections. You can also find suggestions as to which rides and attractions need fastpass the most.

I was a very reluctant Disney vacation planner. It all seemed so overwhelming. After reading Roger's *Disney Tips & Secrets: Unlocking the Magic of a Walt Disney World Vacation* it all felt more manageable. *The Complete Guide to FastPass+ & MyDisneyExperience* is a great supplemental

book because it takes a lot of guess work out of how the passes and app work. With Roger's tips & tricks, your family will absolutely have a magical, memory-filled, vacation!

Excellent guide! The tips and strategies for the Fastpass+ are extremely helpful and useful. I truly appreciate the ranking and insight for which rides and attractions to use the Fastpass+ reservations. Disney has changed so much, since we have been there. I'm so glad that I read this book. I learned so much about Fastpass+ and My Disney Experience.

This was not the right book for me and I wish I had not spent the money on it. I already have and LOVE the Birnbaum Official Guide. When I saw this book on I thought there must be more to the FastPass+ than I knew about and that this would provide more information, but it turns out there isn't any more information. The brief information in the Official Guide plus five minutes using the MyDisneyExperience web site was all I needed to be an expert. I found The Complete Guide to FastPass+ and MyDisneyExperience to be very repetitive; saying the exact same thing two different ways in the same paragraph, and then repeating the point five more times later in the book. The author has a sense that only two types of people go to Walt Disney World--those that plan everything and those that plan nothing, while I think it is smarter to take a more nuanced perspective. I didn't enjoy the tone of the book and it didn't learn anything new. I will be sticking with the Official Guide to Walt Disney World, the Unofficial Guide to Walt Disney World, and searching the web if I need anything else.

Our whole family enjoyed reading this book about the new fastpass+ system. Roger's book is easy to read and understand. We can't wait to go to Disney and try out some of the tricks he has listed in his book. Sounds like using the Disney app will definitely add to the time available when at each park. We love the fact that you can see wait times for each attraction with only the click of a button. Thanks for sharing your expertise, Roger.
