Moon Kansas City (Moon Handbooks)

Synopsis

Missouri native Katy Ryan covers the best of the Kansas City area, including River Market, Crossroads, Westport, and Brookside. Ryan provides various travel strategies, including The Best of Kansas City in Four Days, and explores notable restaurants as well as the various arts and entertainment the city has to offer. Complete with expert tips that appeal to a wide variety of interests, from shopping to outdoor recreational activities, Moon Kansas City gives travelers the tools they need to create a more personal and memorable experience.

Customer Reviews

I moved to Kansas City for the summer, and bought this guide in preparation for my trip. Am I glad I did! It gave me some great ideas for things to do and places to eat and shop that I would never have found on my own. So far the author's recommendations have been solid, and a lot of the "off the beaten path" places have been preferable to the big-name tourist attractions. If you are moving to Kansas City or visiting there on vacation, I highly recommend picking up this book before you go.

Basic and with not much information. The printing seemed very cheap too. Disappointing. I would not recommend it.

Very helpful as I was in Kansas City for business. I found excellent restaurants and where to go after my conference was over for the day. Thank you!

I have lived and then visited KC numerous times and I still learned about places I did not know existed! Ryan has done an excellent job with her research and her writing!

Hopefully it will serve me well when I'm in KC. Time will tell.

OK

Finding myself in Kansas City with some time on my hands, I picked up this Moon book to get the most out of it. It was a good investment. The city is more spread out than Saint Louis and so is not as well suited for just walking around and seeing what's what. I wanted some specifics. And I got them. MOON KANSAS CITY pointed me in the right direction for some good jazz clubs (like Jardine's, but call ahead first to ensure the schedule), good barbecue, book stores, sights and monuments. Happily I discovered through this book a microbrewery other than Boulevard Brewing (which I can get outside of the city), specifically 75th Street Brewery. When I needed a place to grab some coffee and relax a bit, this guide pointed me to The Roasterie (though on a sour note, it should also have pointed out the Filling Station, a wonderful coffee 'garage' on McGee Trafficway). And as a fan of greasy spoons, it is unlikely I would have gotten to enjoy a burger at Town Topic if I had left myself to my own devices. The only clunker I came across was the recommendation of Mama's 39th for breakfast, which, alas, stunk. I also hit a few nooks and alleys of Kansas City with a bit of a cluster of interesting shops after being pointed there by MOON KANSAS CITY. Further, as I did not have enough time to hit all the cultural institutions, this book helped me choose that, mainstream though it may be, the Nelson-Atkins Museum of Art was the one to go with. The book sells here on for about the price of a cheap diner meal. It is hard not to conclude it is worth the price when it tells you which diner to visit once you are there.

This is an excellent book, filled with great tips, tons of information and totally packed with great ideas when it comes to exploring Kansas City, finding new adventures, places to experience, etc. Katy Ryan obviously knows what she's doing (and knows where to find the good stuff) - if you don't own this book yet, you're missing out! I've lived in Kansas City for 20+ years now and still don't know half of the great stuff she's packed this book with. Buy it. NOW!!!!
