Customer Reviews

ITMB Publishing (International Travel Maps and Books) of Vancouver, Canada, has published detailed reference and travel maps of countries, regions, and cities around the world since 1985. The company's titles include many that are unique or the first of their kind, including the first commercially available travel map of Africa.

I am giving this map 5 stars because it is the only travel map of Nigeria that I am aware of. The scale of this map is actually 1:1,600,000 not 1:6,000,000 as listed in the title. If you enlarge the photo of the map, you will see that it says Scale 1:1,600,000. To check, I measured the distance from Benin City to Port Harcourt on the map as 140 mm. The distance between these two cities is 229 km or a scale of approximately 1:1,600,000. I also have the previous edition of this map (ISBN 1553413512 copyright 2000) and it is labeled as Scale 1:900,000 but is actually at the same scale as this edition.

I am giving a talk to our Womens group in our church on the Country of Nigeria because of a email friend who lives there.
