Book by Van Roojen, Pepin

This book is one of my favorite books for inspiration and design. Each page brings a new idea and a deep love for designers of the past. Buy this book with confidence. You will love it.

This book is just an incredible survey of a culture that seems to have embraced a wealth of influences in their arts and crafts. This book serves as an total inspiration for graphic designers--reminding us that everything can be great-looking, and anyone can be creative.
