Eyewitness Auschwitz: Three Years In The Gas Chambers (Published In Association With The United States Holocaust Memorial Museum)

Synopsis

Filip Müller came to Auschwitz with one of the earliest transports from Slovakia in April 1942 and began working in the gassing installations and crematoria in May. He was still alive when the gassings ceased in November 1944. He saw millions come and disappear; by sheer luck he survived. Müller is neither a historian nor a psychologist; he is a source—one of the few prisoners who saw the Jewish people die and lived to tell about it. *Eyewitness Auschwitz* is one of the key documents of the Holocaust.

Riveting...it is a tale of unprecedented, incomparable horror. Profoundly, intensely painful; but it is essential reading. (Jewish Press)A very detailed description of day-to-day life, if we can call it that, in Hell's inmost circle...Having read other books of this kind, I had expected to read this one straight through. But no, *Eyewitness Auschwitz* is jammed with infernal information too terrible to be taken all at once. (Terrence Des Pres New Republic)A shattering, centrally important testimony. (Yehuda Bauer)

Filip Müller was born in Czechoslovakia in 1922, was deported to Auschwitz in 1942, was liberated in 1945, and afterward lived in Western Europe.

This is a very informative read about life in the concentration camps. It is heartbreaking, yet makes

me pray a prayer of thanks that I, personally, did not have to go through what these poor, poor souls had to endure. The only part I dislike is that the print is such that makes it kind of difficult to read....too much on each page. But I guess if it wasn't, the book would have twice as many pages! It's hard to find a "cut-off" place within the chapters and each chapter is too long for one reading. But it is based on eyewitness account and the writer does a great job sharing what I'm sure had to be very difficult for him to re-live in his mind. Thank you, Mr. Muller.

This book is a must read for anyone wanting information about the Holocaust. It truly is written by someone who was there. Some of it is "choppy" writing but you can understand because of what he went through. After I finished reading it I gave it to my 17 year old daughter - she just started it but with her interest in the Holocaust I am sure she will love it.

I absolutely loved this book. It wasn't just about the events happening but it was about the people.

This book is a tear jerker. I'm reading it for my European History class and it is so sad that it's difficult to read.

Enjoyed the book and it's condition.

Hard to believe that humans could do all they did to so many humans and could laugh and be merry. Just reading about the women, children and men who they just killed because of what nationality they were or what they thought they were not working to their wills.

Very touching book..

I GOT THIS FOR MY MOM, SHE SAID ITS A GOOD BOOK, SAD THOUGH.
