## Customer Reviews

The experts at The Princeton Review have been helping students, parents, and educators achieve the best results at every stage of the education process since 1981. The Princeton Review has

helped millions succeed on standardized tests, and provides expert advice and instruction to help parents, teachers, students, and schools navigate the complexities of school admission. In addition to classroom courses in over 40 states and 20 countries, The Princeton Review also offers online and school-based courses, one-to-one and small-group tutoring as well as online services in both admission counseling and academic homework help.

Answers in the back are so messed up. One of the worst books to practice with... Don't waste your money on it.

I bought this book, as it was recommended by people who have taken the Kaplan nursing entrance exam. It isn't the only book I purchased to study for this exam, but it is definitely the most boring. The layout is for lack of a better word, weird. I'm on page 32, I hope it gets better. By that I mean more interesting, more informative so I'm prepared for my test.

the book has many mistakes in the answers and the practice ACT questions provide information that would do a poor job helping you prepare for the ACT

Perfect for those who wants to practice reading and comprehension.

Did not help for the Kaplan.

EXCELLENT!! Perfect for ACT support!

Great price and in new condition

Great review and break down of the tests and subjects
