One of the better harp books I've bought. Extremely helpful for learning harp, learning licks and

songs, and advancing your knowledge of the instrument. Learn all these and you'll be a helluva harp player.

If you can read music you might be able to use this book. Most harmonica players play mostly by ear, so this would not be good for them.

Good selection of songs and the demo and backing tracks are very useful

Requires too much reading skill for my level of play

Real good jam tracks. You'll learn different styles from master players. Good for learning different phrasing I've started to listen more from the Chicago masters

Good song choice, good backing tracks and example tracks. Good clear TAB, easy to follow and use.

The music and the system are good, however, I would have liked the vocals since it helps me with my timing when I am playing.

The Great Book! I Love it!
