The Apples Of Idunn (The Ragnarok Era Book 1)

Synopsis

What kind of man will fate anoint as the god of war and death? In the cold, dark days of an ice age, humanity huddles around fires for warmth while mists drive men mad. Only the foolish venture out into the wilds. And that's exactly where Odin is going. Guided by his blood-brother Loki, Odin will stop at nothing to avenge his father's murder by a frost giant. A mysterious goddess takes notice of the quest and offers Odin a bargain. The Apples of Idunn will grant him and his family immortality, but at the cost of an undefined favor. Now Odin has to decide if vengeance is worth such a dangerous debt ... The Apples of Idunn is a captivating historical fantasy novel shaped by Norse mythology. If you like glorious quests, incredible magic, and tragic mythology, then you'll love the first book in Matt Larkin's Ragnarok Era series. Buy The Apples of Idunn to enter a frozen world of mythology today!

Customer Reviews

Matt Larkin has done it again! This time it's a fantastical journey of mythological proportions! Matt's love for mythology comes across clearly in his writing. Excellent world building with magical creatures abound. His characters both endearing and malevolent. Filled with action and suspense. A must read for mythology and adventure lovers alike!

Mythology Buffs will love this book from Mythic Fantasy writer Matt Larkin. Taking the old tales of the Norse gods both from folk tales and the Eddas themselves Larkin weaves a tale of the beginning of the Aesir Gods. As the story opens, Odin is an arrogant, vulgar, thugish Jarl (chief) of a nomadic tribe of Aesir - The Wodanaz. His one driving purpose is to revenge the death of his father Borr at the hands of Ymir, the frost giant. The author takes the revenge quest as a trigger for the events that quickly follow and that will change and mold the man that is Odin into what will soon be the King of all the tribes while becoming a God in his own rights. The regular characters of Loki, Thor, Tyr, Frigga, Gudrun, and many others that delight and inspire are to be found within the weaving of this wonderful tale. If you love tales of heroes and villains, glorious quests and tragic endings, you will lose yourself in this book.

I have always been a fan of the Norse gods and the mythology so when I saw this book available for download it was an obvious decision. The book read well and the action was not wanting I also took an interest in the back story applied to the Norse gods we all know.

Great read! Realistic historical fiction? Who would have believed it. Can't wait to read the rest of the trilogy

I just wasn't drawn in. It was a struggle to stay focused and follow. If a book doesn't grab me quickly I lose interest. A shame as it sounded like it would be a good read.

I really enjoyed this book. Great world building. Great characters and lots of action. And some mysteries that keep you reading. Great read!!

Loved this series! Always been a fan of Norse mythology, so that background helped reading this series. Otherwise, it might be a little difficult for readers to figure out the terminology. But I was enthralled from the beginning. One of the few series I've actually bought after the first book being

free.

great beginning to a hopefully great series. we'll see where things go from here!
