Liked having the history and background of each piece of music. Two of the pieces of music are MISSING near the end of the book: America the Beautiful and another one. The size of the music is unnecessarily small for the page size. Those pages were filled up with ads instead! It is a return.

Great !Lots of Memories to sing about.Everyone should be singing theses songs in every school in this country.

I was setting up a patriotic program and needed a resource with all the info in one place - this was thorough and excellent.
