## Customer Reviews

Wicdiv is many things. A pop fantasy acid dream, complete with compelling characters, beautifully drawn everything, and pop culture in jokes galore. Gillen never disappoints as a storyteller, and this is some of his finest work. This arc really heats up the tension and reveals that the ride is far from over, and that we the readers have no idea what we are in for going forward.

Rising action indeed! There was so much beautiful action and movement in this volume. I couldn't put it down. With each new volume, I keep wanting more and more.

I like this series a lot! Cant wait for the next, the art work is \*\*\*\*\*!

I have loved every issue in this series!
