Customer Reviews

I gave 5 stars because this story was exciting and kept me reading long into the night, well rounded characters, nice progression, and it didn't leave me hanging at the end, it actually had a proper ending unlike many other firsts in a series of books...I abhor those kind of books. This one didn't disappoint, I loved the story, and loved that it ended well.

I wasn't sure if this would be my kind of book, but as I read and continued to read, I couldn't put it down. I literally read the book in two days. Great book. I would recommend it to everyone.

This book is a departure from most vampire stories I've read. The description made it seem similar to a Twilight series, but I don't see it. The female character at 18, in modern CA 'speaks' like an experienced adult, which is a bit different from the typical slang riddled YA books currently in the marketplace. To me, it's more like a Harlequin. At the end of this book there's enough of a solid plot and a few cliffhangers to keep me curious as to what happens in the rest of the series.

Enjoyed the read, Will read the next book. I'd want to read a longer book than two, this books can go many ways. With two clan, it will give different worlds, want to see the mother taken out, want the two good brothers ruling to gather.

This is not the best situation for a girl to be in but it turns out great at the end. I would totally recommend this series. There's lots of drama betrayal romance and courageous women.

I loved it!!! I loved the part of vampire books usually goes when the main character actually thinks that she is on a game show!!!SPOILERS:The fact that the female character is a witch and vampire at the same time is amazing!!!Really hope that the 2nd book is just as good!!If you are a fan of witches and or vampires then this book is for you!!!!!!

Ordered a whole slew of books in this series. The downside to being hooked on a story; it gets expensive.

I have been waiting for a series like this since Twilight and it doesn't disappoint; it's even better in so many ways! I'm intrigued by all the characters, but especially Elaira, Raul and James. I want to know more about the history of the vampires and The prophecy that surrounds Elaira. I love the beginning of the love story between Raul & Elaira; I hope their love triumphs it all! Loved it!!
