Marge and Ted Mueller are the authors of 12 regional guidebooks. Outdoor enthusiast and environmentalists, they have explored Washington's waterways, islands and other natural features for more than 40 years. The Muellers are also authors of *Afoot & Afloat: The San Juan Islands*, now in its 4th Edition, and published by The Mountaineers Books.

I really like this book!! It is a great reference book for any local or out of town sailor/boater wanting to sail the San Juans!!

Written well. Very detailed with a lot of info! Can't wait to explore the islands and will bring this guide along.

Latest edition of a long loved guide book. Some of the reviews seem like advertisements but it it

helpful and a good compliment to the Moon Handbook.

Item arrived quickly and in perfect condition, as advertised. It contains lots of information. My only reason for giving it four stars instead of five is its date of publication. I take all the recommendations with a grain of salt since businesses quickly come and go.

There is so much to see in the San Juans, this book let you know what's where.
