Customer Reviews

Wonderful start for encouraging the enquiring spirit on prayer. It is also a reminder for believers of why we pray and to whom we seek help from. A wonderful journey!

it was very helpful on how to pray .

This is a wonderful book. I recommend reading this book if you have trouble praying or even if you don't. It clears up a lot of misconceptions.

Very inspirational book. Lots of scriptures to show that prayer is necessary. I would recommend it to any one who is struggling with prayer as I am right now.

It is an okay-ish book. I do think that some of you will find it refreshing and it will in fact does encourage you to pray with confidence. But if you truly have faith, you wouldn't need a book to help you pray.

Very interesting read and it will help you keep focused when praying. Although designed as a guidance book, it also encourages you to become a more spiritual person, which is what I was after. Would definitely recommend.

I was sceptical about this book at first, but after giving it a go, I do think it's a well researched and well written book. The information is written in a way that it does not force an opinion on you, but does give you solid information that you can take into consideration.

This book has been simply wonderful. I enjoyed the guides and found them relatable, especially throughout the beginning of the book. I wasn't certain this would be right for me, but I would recommend this to anyone considering it!
