“[Jamie Geller’s] enthusiasm, her love of food, her desire to provide healthy meals for family and friends | speak to home cooks at all ages and stages. In a conversational and peppy style, she’s an advocate for kosher, with a perspective that is broadly appealing.” (Chicago Jewish Star) What sets it apart from other cookbooks | is that it

reads almost like a quasi-memoir/family portrait-within-a-cookbook. Like a dish of soup on winter's eve, it is warm and inviting. (Jewish Press) "Jamie Geller's latest cookbook is part family album, part fun cooking ideas, and part like hearing from an old friend. We feel as though we are part of her family as the adorable photographs of her children, husband and delectable food entice us. (Jewish Voice)[Jamie] shares a lot more than just stellar recipes. She shares of piece of herself. With each chapter, Ms. Geller opens another door to her life and home, drawing you in like you're part of the family. (BusyinBrooklyn.com)

I was "the bride who knew nothing" . . . And now I love sharing the joy of kosher cooking with people like me: Busy parents who want to make real food for real families in a snap, and people who want to entertain without slaving in the kitchen, knowing their dishes will always elicit oohs and aahs. Our Sabbath and holiday meals are warm, fun, and flowing with food, family, and tons of guests. Do the math: two weekly Shabbos meals + 26 holiday banquets = 130 feasts per year, not to mention feeding my hungry family every other day of the week. That plus a full-time job should qualify me as some kind of expert in fast, fresh family dinners! Here in *Joy of Kosher* I share more than 100 of my absolute best recipes and give each a creative twist: Dress It Up • add some bling for your party table • or Dress It Down and lure your picky eaters to meals they'll beg for again and again. That's more than 200 recipes! A few of my faves: Crystal Clear Chicken Soup with Julienned Vegetables and Angel Hair (Dress It Down: Chicken Noodle Alphabet Soup) Garlic Honey Brisket (Dress It Down: Honey Brisket Pita Pockets) Miso-Glazed Salmon (Dress It Up: Avocado-Stuffed Miso-Glazed Salmon) Butternut Squash Mac & Cheese (Dress It Down: Mac & Cheese Muffin Cups) Goopy Chocolate Cherry Cake (Dress It Up: Red Wine Chocolate Cherry Heart Cake) And talk about challah! I give you ten yummy variations, including Sun-Dried Tomato, Garlic, and Herb Braided Challah; Blueberry Apple Challah Rolls; Sea-Salted Soft Challah Pretzel Rolls; and Goopy Pecan Challah Sticky Buns. All that, plus gorgeous photos, wine pairings, time-savers, and my guide to sane, no-jitters holiday menus. I hope you love this book as much as I loved writing it for you!

Wonderful for "new to kosher" or any young bride Jewish or otherwise...I kept eyeing this book at Win-Dixie but it was \$30. When the author came to my local Win-Dixie and had signed copies I splurged and purchased one to give to my young daughter. She just moved into her first college apartment and loves entertaining her friends for Friday night dinners. The recipes are EASY to

follow. There are always more than one version or alternative to every recipe. For example, you can have a dish that is simple as a side, or add a few more ingredients and it becomes a main dish. It even suggests wine pairings. Can't get easier than that. When I saw this on as an e book, I couldn't resist. As much as I loooove a big beautiful hard cover cook book, it's not in the budget now that I bought my daughter one. I snatched up the \$1.99 e version for me, and I love it. This is a book that my daughter says she is saving for her own daughter...

I have to say this is my first Kosher cookbook and it came recommended. Jamie Geller comes across very friendly, some people say the cutesy wears off, but no different than others. I didn't realize how easy it a was to cook kosher (I don't need to, but was wondering) and she makes it very simple. She has kids so not everything is a 6 course gourmet dinner, which is refreshing actually, and she lives in another country but all ingredients can be found in the US. I love her dress it up, dress it down features very helpful. My favorites are her Jack Daniels Brine for her turkey and although chances are slim I would do it, her challah. I just like reading about how it is her meditation, that each twist, turn, punch, is a prayer for a family member. I always found the whole process zen like myself, so it was her calming moment in the midst of chaos with 5 kids. The pictures illustrate a full kitchen, some disasters, a lot of smiley faces. I want to do the dress it ups for the Holidays, they are simple but elegant.

Okay, so I developed a girl-crush as a result of this book. No, seriously.. Ms. Geller's Argentinian Brisket recipe is worth the price of the book by itself. My smarter, more studly half teases me that I cook with my bestie (the book) and he reaps the benefits! Very pleased. Ms. Geller is very relatable and witty, which really makes the book a pal for Tribal cookin'. The sour mash whisky turkey is A-Mazing (my very pleased man asks for it).

Love this book! Jamie Geller gives a glimpse into her family life, which makes this book even more amazing. Not only do you get absolutely fast and tasty recipes, but you get a few laughs along the way. We were able to coo at her adorable little brood and smile when she talked about the love of her life, her husband. I was also VERY encouraged that she considered herself to be someone who couldn't cook. Boy, has she come a LONG way. Loving the simplicity and great taste of her recipes. By the way, I bought this book as a Christmas gift for my husband who LOVES to cook Kosher meals, but I'm enjoying it just as much.

I bought this book after I came across a video on you tube that Jamie made on how to make the best challah. It was the best challah I ever tasted so it peaked my interest to try other recipes. I bought this book on kindle because it is easier for me to keep the books and look up recipes in the kitchen when I cook. The book is beautifully written and the recipes are wonderful, I loved the crystal clear chicken soup and latkes that I always thought were complicated to make. I find the recipes are very easy to follow. I can't wait to try them all.

This cookbook made my Thanksgiving Turkey something to brag about. The last two years my sister cooked the turkey it was dry and tasteless, this year it was my turn, I had just received my Joy of Kosher cookbook, I felt a bit uneasy about the Jack Daniels marinade, but decided to follow it exactly, it was so tender and juicy, the turkey was picked clean with my sisters arguing over who got to take the bones home to make turkey soup. Best Turkey I ever had... I am going to make it again next week for another group of guests.

Great kosher recipes and great information. I highly recommend this cookbook to anyone wanting to follow kosher dietary laws. There are recipes in this book I havd never had before.

I've tried 3 recipes from this particular cookbook. They were splendid. Great pictures. Beautiful book.
