Protecting The Billionaire (The Sherbrookes Of Newport Book 7)

Synopsis

From the outside it appears as though billionaire Allison Sherbrooke lives a charmed life. She comes from a loving family and possesses the means to do anything she desires, not to mention her budding new romance with the sexy Marine she danced with at her brother Trent's wedding. Appearances can be deceiving though. All is not perfect in Allison's world. Since her move to Virginia she's had a stalker in the shadows. Marine Corps Captain Rocco "Rock" Raimono has spent his life defending and protecting others. Now he must protect the woman he's falling in love with from an obsessed stalker who wants Allison for himself. For Rock, failure is not an option.

Customer Reviews

Not being able to hide the truth Allison had to open up to a man that was blindsided at being a boyfriend. It was all a game to keep her ex away but when things started happening and shots were

fire Allison could no longer separate boyfriend and protector and Rock didn't even give her the option. He was built to protect at all cost but the mystery Sherbrooke hier took his mind and body to another place. It was fun until fun became obvious mishaps and prickly skin. Yes he would do his job and protect the woman he love with his last breath. This was a good book by Christina and it displayed how all things and people are not what ypu assume and that trusting your instincts can go a long way.

This story was a good one just like the other six in the series. The only thing I would have wanted to see was their marriage. I know that part of the story is in the next book in the series. It was also good to see that Roc, one of the main characters, was going to be okay after being shot. Can't wait for the next story.

Allison Sherbrooke changed jobs and relocated to Virginia partially to get away from an ex who wouldn't give up. Rock Raimono is a marine whose sister is married to Allison's brother Trent. Allison and Rock end up on a date due to Allison trying to avoid a confrontation with her ex. Allison has had several instances of uneasy feelings of being watched or followed. She comes home and lights are on, the door isn't locked and the alarm isn't on; Allison never leaves her home like this. Will the protective instincts of a marine come out to help Allison? Is she really being followed? You will have to read Protecting the Billionaire to find out.

I've read the whole Sherbrooke series except the prequel because I felt like I already knew what happened by reading The Teachers Billionaire (which is still my favorite in the series). I like how this story was different than the others with some suspense. I also like how the author intertwines the extended family in each book. Again I could do without some of the foul language. Allison and Rock's story is worth reading.

Read almost the entire series and enjoyed all the books and all the characters. Even with the suspense I always feel like I am checking in on old friends. I will continue to read the Sherbrook family series. Highly recommended these stories.

Great series

This is a new author to me in the Christian romance action category. Enjoyed every minute!

The entire series has captured my heart. Book seven did not disappoint! Full of surprises.
