High-Yield Histology

Synopsis

Now in its updated Second Edition, High-Yield(TM) Histology extracts the most important information on histology and presents it in a concise, uncluttered fashion to prepare students for the USMLE. The book also serves as an excellent course review, with illustrations and hundreds of review questions. High-Yield(TM) means exactly that...readers reap maximum benefits from very focused study

Average Customer Review: 3.3 out of 5 stars 13 customer reviews

Best Sellers Rank: #1,215,288 in Books (See Top 100 in Books) #78 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Basic Sciences > Histology](#) #165 in [Books > Medical Books > Basic Sciences > Histology](#) #339 in [Books > Textbooks > Medicine & Health Sciences > Medicine > Basic Sciences > Microbiology](#)

Customer Reviews

I find this books enlightening and inspiring. It is the first work that by this author that I've read and am grateful that a friend recommended it to me.

perfect book

ok

This book was as good as new... amazing service!The pages and the cover were in great quality. This is a very good concise book for histology

If you use First Aid for the the USMLE Step 1, you probably will not use this book. There is a lot of

"low yield" information dispersed throughout and it may not save you much time to filter through all of it to make it worth while. If you insist, read through it fast and note the clinically significant items in boldface.

I did not have chance to enjoy this book because Green Street Books sent me very bad copy of this book, overwritten pages that I can never read from them, so I threw it away, I am very upset with this bad experience I had with ..I learnt a lesson that before I buy any book from any seller dealing with should choose one with high rating.

Stick to the histology Road Maps. Most of the High Yield Series is good except this one. The pictures and explanations leave too much room for wanting something else.

This was a disappointment because it was a 1997 version. I will not buy from this vendor again. This was not in the advertisement.
