Great info. Helpful tips.

This smallish book is a collection of short essays by a lot of romance writers, some of them pretty famous (Allison Brennan, Barbara Freethy, among others), and some not published at all. The essays are all well-written, with useful advice for active writers or inspirational topics for the stuck, the uninspired, or the unpublished. Not for anyone looking for something in depth, but many topics are covered with wit, wisdom, and enthusiasm.
