As always. I love Minecraft Steve so much. Really did enjoy reading the first book funny comics released in this series. I love the humor and creativity that funny comics make. Never fails to

surprise me. It has similar concept as the first one, but still, they manage to create another interesting story. Charlie is still there which is great. I really hope love will develop between Steve and Felicia, like happy ever after? Hahaha. Thankfully zombies did not transform Charlie to become like them. Now it's creeper attacks. This book is well written and I highly recommend this book to other readers. You will really enjoy it. Though this book is a little bit shorter than the other books.

Another entertaining Minecraft story that kids will like to read! It features Steve's adventure together with his friends, Charlie and Felicia, in searching for the creepers and zombies hideout. The inclusion of a comic illustration makes the reading more fun and enjoyable! Minecraft stories really brings the childlike heart in me!

This is a good book to read especially when one is unhappy or after working for long and you feel exhausted. It makes one feel very happy because of the many comics in the book. The book is also very suitable for kids to make them happy. This book is very interesting and want to read it over and over again. A good book.

This is another adventure of Minecraft Steve. Steve ventures out to another village to help with the creepers to plague the town. There are parallel characters with the game. It talks about the ocelot and how to beat the creepers. I also like the fact that Steve narrated this story through his diary. The story is simple but entertaining.

And the adventure of Steve continues in this installment. I like that there are illustrations of Steve in this book. The storyline maybe pretty simple and easy to follow but it had me glued from the beginning to the ending. I just love to read about Steve and his adventures. I cannot get enough of him.

I bought this for my nephew who loves playing Minecraft and everything that's related to it. Plus the book was formatted like the Wimpy series which is an added bonus because he loves reading it too and has all 10 books. The story was pretty interesting but not as funny as I expected.

Very funny! this is a great comic. Very refreshing to read. I recommend this book if you are searching for a funny comic and good laugh! Great Humor!

I like the picture in this book it was clear. It is entertainment and add for our enjoyment. Nice.
