Customer Reviews

There are about 3 recipes in this book that I love and they have become a part of our regular monthly dinner menu, If I liked seafood i think that I would have many more favorites. Pictures are great, easy to understand instructions and the measurements are written for an American audience (meat in pounds instead of Kilos, cups not grams) Glad I got it.

I bought this book because it features some Kapamangan recipes. I know the Kapampangans are well-known in the Philippines for their fine cuisine. I have tried some desert recipes and they were so yummy (especially Leche Flan and yemas my personal favorites) and my friends loved them too. I will update this review once I have tried other recipes in this book. I can't wait to try adobo...The book is glossy shiny good quality print, with mouthwatering photographs!

Cookbook was extremely helpful. The cooking instructions were easy to follow. Pictures used in cookbook were great quality. I highly recommend purchasing this.

Philippine wife absolutely loves it she is really excited about trying all her home town favorites

A good reference for me to have.

Recipes are easy to follow and delicious. You will love this book as long as you like Asian cuisine. You can also buy the ingredients easily at any Asian store.

A wonderful book for recipes plus info on ingredients and the Filipino culture. I have given this as a gift to my family and friends.

Great pictures that accompany the good recipes. Most dishes are doable in my modest kitchen so I will definitely recommend.
