Nora Roberts is the #1 New York Times bestselling author of more than 200 novels. She is also the author of the bestselling In Death series written under the pen name J. D. Robb. There are more than 400 million copies of her books in print.

The MacGregor clan is how I met Nora Roberts. .. I love the meddling patriarch. ... I'm sorry she has stopped writing this series, but she doesn't want to have him die. Actually, I think he could continue on as a loving, meddling, ghost. With a will as strong as The MacGregor's ? He could definitely pull it off. .. especially if he can be seen, or heard...especially by Ana

Like with all of Roberts' books, tradition, family and "good stock" play a significant role in the storyline. I had read this book a long time ago and still it thrilled me. Daniel MacGregor, the patriarch

of the clan is quiet a character. Although I have all the books on my shelf, I was still enthusiastic enough and bought the ebook. I've grown used to my kindle. This is a happy story with a beautiful ending and a glorious continuity. I highly recommend any MacGregor book! Nora Roberts does not disappoint.

I enjoyed this very much. It was a little strange as I'd started the MacGregors with Serena/ Caine and Alan and Grant. By that point, I'd totally fallen for the charming , ruthless, gooey inside Daniel . The MacGregors brides and grooms were next.. Then " The winning hand with Mac.All of this led me to love the family . yes, there are similarities in style between generations but each still a unique story with well developed characters.Daniel and Anna mya not be quite as flushed out with the characters but it was fun to read about their origins and see how they came about to be who they are. They are interspersed throughout the other books - which is a joy. I pull this whole series out very couple years and go through it again - because it's funny and makes me laugh.

Fantastic way to round out one of my favorite Nora Roberts dynasties! Following the Macgregor patriarch, and matriarch through their finding each other, to the amazing grandparents that they became. Tremendous.

This story is the best . I love to hear about this family...

I chose the rating for this book for the very interesting details the author gave on the two main characters. Both the handsome large male with the ego plus the spirited beautiful lady he chose to spend his life with. The storyline was up and down for them. It keeps your attention through out the book.Thanks, Nora Roberts

I love Nora Roberts writings and her variety of story themes.

Always enjoy books that tie in with others that Nora Roberts has written. Well done, madress you feel like your watching a movie
