Poppy's party troll book With having a grand daughter an great - niece and nephew who like books this is good for them .With having easy to read print an pictures in it for them to read or having an adult read to them .This troll book is part of other troll books which this one is about Poppy's party .An what nice gift this book will make for birthdays or any other occasion .

this is a cute story with the trolls characters and great images that the kids love. and its challenging

enough without being too easy for a 2nd grader. My daughter loves it. Plus anything Trolls is top choice with her right now lol

A great book for the Trolls movie enthusiasts! I will say there is no mention of Bergens in this story... it's a simple storyline about Princess Poppy throwing a little party.

Great book and very easy for my 6 year old to read. The story is an abbreviated version of a very important part of the movie. Great snip-it and the pictures are very well done.

I got this for my niece's birthday as part of a book bundle. Books always make a great gift, as parents and kids love them, so of course this was a hit. The brightly colored pictures and easy to read pages make it perfect for those just learning to read.

This is a great book for my 2 year old. She loves to listen to it and the pictures keep her engaged.

We are very big on Trolls Movie and love these books for my kids!!

This is saying its level 3 but my kindergartener read this with ease....which is not always true of level 3.
